

Avalanche I

NATIONAL SKI PATROL

**Far West Division – Mother Lode Region
Pinecrest Nordic Ski Patrol**

Avalanche Level 1 (Modules 1 & 2)

January 31-February 1 (zoom classroom)

February 4-5, 2022 (field days)

February 26, 2022 (tour)

Course Syllabus

Thank you for registering for the Avalanche 1 course to be held via Zoom on January 31 and February 1. From 7:30-9:30. The field days will be held in Pinecrest, CA. Group housing can be accommodated. The tour date will most likely be at Castle Peak – Tahoe Donner on February 26, 2023. Backcountry navigation is necessary. An additional class will be offered for those not familiar with map/compass/GPS and mobile apps (CalTopo, Avenza, Gaia, etc.).

Enclosed is the student pack for the course. Please make sure you review all materials before the class and complete the pre-test. This course syllabus contains:

- a preliminary weekend agenda
- important logistics (lodging, meals, etc.)
- guidelines for personal equipment

You may also download this information from the Pinecrest Nordic Ski Patrol (PNSP) website at <http://www.pinecrestnordic.org/av1>

Additional course information must be ordered and received prior to the course weekend:

- Staying Alive in Avalanche Terrain (required)

Order through Amazon.com

These will be emailed to you separately:

- Pre Test
- NSP Far West Division Event Release Form (available online at the Pinecrest website as well)

All students must read the Staying Alive in Avalanche Terrain and complete the pre-test BEFORE the course (we will check your work at check-in, email to the instructors in advance). All students must sign the NSP Event Release form in order to participate in the course (you may sign this in person on the first day of the course). If you are a minor, you must have the event release form signed by your parent or guardian before the class.

IF THERE IS ANYTHING THAT YOU DO NOT UNDERSTAND OR HAVE QUESTIONS ABOUT, PLEASE DON'T HESITATE TO E-MAIL ME.

Regards, Keith Gale
keith_gale@hotmail.com

Avalanche I Syllabus

Agenda

Tuesday January 31, 2023 ZOOM: PLEASE BE ON TIME!

Email your Pre-Test, and writing materials to take notes.

- 7:30-7:45: Introductions and Course Overview
- 7:45 – 8:15: Avalanche Awareness - Hazards and Characteristics
- 8:15 – 9:00: Avalanche Triangle (Weather)
- 9:00-9:10: Break
- 9:10 - 9:40 Avalanche Triangle (Snowpack)

Wednesday February 1, 2023 ZOOM

- 7:30-8:00 Avalanche Triangle (Terrain)
- 8:00-8:30 Snow Mechanics and Avalanche Dynamics
- 8:30-8:45 Beacon Basics
- 8:45 – 8:55: Break
- 8:55 - 9:10 Medical
- 9:10-9:20: Field Weekend Logistics

Saturday February 4th– 8 :00-3:30

- 7:00 – 7:30** Breakfast
- 7:30-8:00 Registration/Rental Gear distributed
- 8:00-8:30 Review (each team will take one of the Avalanche Triangle and present a 10 minute over view)
- 8:30-9:30 Tour Planning
- 9:30-10:15 Tour Planning Exercise
- 10:15-10:25 Break
- 10:25-11:00 Travel Safely in Avalanche Terrain- Principles of safe travel
- 11:00-12:00
- 12:00-12:45 Lunch (review Study Guide)
- 12:45-1:00 Prepare for outdoor
- 1:00-1:20 Travel to Crabtree
- 1:20-1:30- Travel to onsite round robin training
- 1:30-3:00 Round Robin (Beacon, Probe, Shoveling)
- 3:00-3:30 Return to PCC and undress

Saturday February 4th– 3:30 -5:00PM; 7:30-9:45

- 3:30-4:15. Human Factors Presentation
- 4:15-5:00. A Dozen More Turns (video)
- 5:00-7:00 Dinner

Avalanche I Syllabus

7:00-7:30	Clean-up
7:30-8:15	Tunnel Creek Case Study
8:15-9:00	Sheep Creek Case Study
9:00-9:45	Turnagin Pass Case Study

Sunday February 5th

7:00-8:00-	Breakfast
8:00-8:30	Decision tools
8:30-9:00	Companion Rescue
9:00-9:30-	Sno Pit
9:30-9:45-	Prepare for outdoor
9:45-10:15-	Travel to Gooseberry Trailhead
10:15-10:30-	Travel toward Stan's Bowl
10:30-11:30-	Sno Pit Analysis
11:30-12:00	Lunch
12:00-12:15	Companion Rescue Demonstration
12:15-3:15-	Companion Rescue Scenarios
3:15-3:30-	Return to vehicles
3:30-4:00-	Return to PCC
4:00-4:30-	Clean PCC
4:30-4:45-	Tour Date logistics

Avalanche I Syllabus

Avalanche I Syllabus

SUNDAY – February 26, 2023 – 08 :00 CASTLE PEAK – TAHOE DONNER

We will confirm exact meeting place and directions during the week of February 20th.

Please report to the meeting place on time and ready for a full day on the snow.

Pending weather and snow conditions, the field day may be re-scheduled to another subsequent weekend.

07:30-08:00- Boot-up/dress-up, display Day Passes for Sno-Park

08:00 – 08:30: Review objectives and trip plan

08:30 – 09:00 : Travel to Trailhead. Do beacon check en route

09 :00 – 12:00 : Tour to field location: Terrain recognition; safe travel practices

12: 00 – 12 :30 : Lunch

12:30 – 13:00: Snow-pit

13:00 – 14:30 : Round Robin Rescue Scenarios

14 :30 – 15:00 : Multi-beacon practice option

15:00 – 16 :30 : Return Tour to Trailhead

16 :30 – 17 :00 : Debrief and return to vehicles.

17:30- Depart

All participants (*students, instructors, advisors*) are to return in teams to the meeting place at the conclusion of Sunday field exercise. Nobody will be dismissed until all teams, members, and instructors are present and accounted for at the trailhead.

NO EXCEPTIONS

Avalanche I Syllabus

Housing

Pinecrest Field Days February 4-5

Housing provided is co-ed single room located in the same facility as the indoor sessions. The Pinecrest Community Center (PCC) is essentially a former one-room school “converted” to public meeting use. Consider this a large dorm room in college.

Anyone interested, please bring your own sleeping gear (pad and sleeping bag). Individuals scatter about the 25’x40’ room.

It has bathrooms, but no showers.

It has a kitchen, but we cannot cook in the kitchen. We can, though, heat items. The refrigerator is available.

The PCC will be opened beginning on Friday about 4PM (earlier if scheduled with Keith). You can stay both Friday and Saturday nights.

Donner Summit Tour Day February 25th

If there is sufficient demand, we can arrange for an AirBnB for the weekend. Last time I did this, it was about \$65/person for both nights with sixteen students in one large house.

FOOD

Pinecrest Field Days

The course will provide a continental breakfast on Saturday and Sunday mornings.

Saturday evening we will enjoy a potluck dinner. Those items requiring a stove/oven(as opposed to a crock-pot, or other self-contained warming item) can be given to the Pinecrest Ski Patrol and we will take them to our cabin and heat/cook those items. If kinda complicated, we can permit you to use our kitchen and return to the PCC.

Donner Summit Tour day

If we do rent an AirBnB on the tour weekend, we will consider another pot-luck.

Avalanche I Syllabus

Transport on Snow:

- We will conduct field sessions in the Pinecrest backcountry trail system throughout the first weekend. The field session will be conducted entirely in the outdoors. Students must be equipped with either skis or snowshoes for crosscountry travel over snow.
- Skiers are encouraged to use free-heel bindings (cross-country, telemark, or AT), and either use waxless-type touring skis or bring climbing skins
- Snowshoes are recommended especially if you are not comfortable on skis. Bring ski poles and sturdy, waterproof boots if you are snowshoeing.

If you are renting gear, pick up your gear and make sure it fits and works properly BEFORE class starts at 8am Saturday. Please contact the course instructors if you have any questions about renting gear.

NOTE: Field sessions will take place in a backcountry, winter environment and weather patterns are unpredictable. Students must be equipped with appropriate clothing and gear to spend several hours in potentially cold and wet conditions. Students are expected to be proficient in moderate uphill and downhill travel in difficult snow conditions using their choice of gear (backcountry skis, boards or snowshoes). Please do not hesitate to contact the course instructors if you have any questions on appropriate gear and backcountry travel requirements.

Avalanche I Syllabus

Equipment

For the lecture sessions: dress comfortably to be in a classroom for the entire morning session. Bring a pen and paper for taking notes.

For the field sessions: dress to be outside, working, for the entire day. We will eat lunch out on the mountain, so pack a healthy lunch. Bring a backpack with enough room to carry your lunch and any personal equipment, with some extra room for group equipment. Avalanche work is strenuous activity requiring plenty of energy. Make sure you bring a good lunch and plenty of water with you. You are also likely to spend a lot of time in the snow, and are likely to get wet. Be sure you are equipped with the proper clothing to maintain comfort all day in cold, variable, and wet conditions.

We encourage participants to use their own equipment wherever possible, as this will improve their experience with that equipment. You are not expected to own all the equipment on this list, but if you have it or can borrow it, please bring it along. We have a limited supply of packable shovels and avalanche transceivers that we can loan to those who do not already own them. If you plan on purchasing one of these items, the classroom instruction and field trip will give you a chance to learn about several different options before making your purchase. You can use this page as a checklist.

Avalanche 1 EQUIPMENT LIST

Clothing (required): **NO COTTON!!!**

- ___ Long Sleeve Shirt/Sweater (*polypro, fleece, wool*)
- ___ Pants (*polypro, pile, wool, wool blend, ski pants*)
- ___ Warm Jacket/Sweater (*fleece, down, wool, wool blend*)
- ___ Long Sleeve Thermal Underwear (*polypro, wool*)
- ___ Beanie/Balaclava
- ___ Mittens/Gloves - 2 pair (*polypro, fleece, wool*)

Foul Weather Gear (required):

- ___ Waterproof/Water-Repellent Parka or Shell
- ___ Waterproof/Water-Repellent Pants or overalls
- ___ Waterproof/Water-Repellent Mittens or gloves

Footwear (required):

- ___ Ski Boots or well waterproofed Hiking Boots
- ___ Gaiters, optional (*calf height*)
- ___ 2 pair heavy hiking/ski socks

Transport (required):

- ___ Skis (*backcountry touring, with skins*)
- ___ Snowshoes (*MSR or similar small type*)
- ___ Ski Poles (*even if you are snow shoeing*)

Avalanche (bring it if you have it. Rental beacon available for \$25, probe/shovel \$10) :

- ___ Avalanche Transceiver (beacon)
- ___ Avalanche probe
- ___ Snow shovel
